Reeves Regional Rural Health Clinic Welcomes Dr. Martina Swinger

The family practice physician and obstetrician is the latest medical provider added to the local medical community by Reeves Regional Health.

PECOS, Texas (Sept 2, 2024)—Reeves Regional Health (RRH) is pleased to announce the newest member of the local medical team, Dr. Martina B. Swinger. A distinguished board-certified family practice physician and surgical obstetrician, Dr. Swinger now serves patients at Reeves Regional Rural Health Clinic, further enhancing the hospital district’s commitment to providing exceptional healthcare to the community.

“As part of our continuous efforts to close healthcare gaps in the community, we are actively seeking medical providers,” says Brenda McKinney, CEO of RRH. “Family physicians play a crucial role in any community, and we are delighted to welcome skilled professionals like Dr. Swinger, who is also a skilled surgical obstetrician, to Reeves County.”

As a board-certified family medicine physician, Dr. Swinger provides comprehensive preventive care for individuals of all ages. As a primary source for medical care, she works with patients on routine checkups, health-risk assessments, and personalized consultations on maintaining a healthy lifestyle and coordinates care with subspecialists as needed for a well-rounded approach to critical care.

As the primary healthcare provider, Dr. Swinger can attend to and treat individuals of all ages, including infants, children, adults, and seniors.

Dr. Swinger brings a diverse background to Reeves County, having received a Bachelor of Science degree from the University of Tennessee in Knoxville, Tenn., and a Master of Biomedical Science from William Carey University in Hattiesburg, Miss., where she also received her Doctor of Osteopathic Medicine degree.

With a residency in family medicine with obstetric continuity and surgical family medicine obstetrics in Tulsa, Okla., and various physician roles in Tenn., Dr. Swinger brings a unique background and much-needed specialty to Pecos.

“Working with individuals of all ages to achieve the best health possible is my passion,” Dr. Swinger emphasizes. “And when I can help expecting mothers grow their family, that’s an extra special opportunity.”

About Reeves Regional Health

Reeves Regional Health (RRH), formally known as Reeves County Hospital District, provides healthcare services for Reeves County and neighboring West Texas communities. Founded in 1954, RRH, a Level IV Trauma Center, offers various medical services, including emergency care, diagnostic imaging, physical therapy, general surgery, a clinical laboratory, and more. RRH also operates Reeves Regional Home Health and Hospice and Reeves Regional Rural Health Clinic. In November 2022, RRH began serving patients from a new \$115 million, 140,000-square-foot campus. For more information, please visit www.reevesregional.com.
